Rosh Hashana and Yom Kippur Alternative Services: During these one-hour journeys, we will experience a physical, emotional and spiritual connection to our real selves, each other and with G-d. Hebrew, English and the languages of music, meditation & movement will guide us on our spiritual path of remorse and renewal. No matter our age, shape, size or mobility—this session will be inclusive of anyone seeking an atypical Holy day experience.

Together we will create a one-hour experience that is filled with reflection, introspection, and hope.
